

NEW ADVANCED TRAINING FOR REIKI MASTERS

Judy McCracken, REIKI Master Teacher

ADVANCED REIKI TEACHER TRACK - (One Day Training - 8 hours)

Prerequisite REIKI Master Training - (copy of certificate required with registration)

\$250 FEE

The goal of this new, intensive class will be to provide substantive content to the REIKI Master preparatory to teaching REIKI class levels one, two and three. Many REIKI practitioners complete the master level training but often feel inadequate to take the next step of providing REIKI classes for others. Practitioners taking this advanced class will have more tools to go on to teach REIKI with confidence, thus contributing to the **REIKI RAYS OF HOPE** goal of spreading REIKI classes/community nationwide.

CLASS CONTENT: Review of the basics of REIKI: review of 6 REIKI symbols; review of attunement routines; curriculums to use; agendas for each level; techniques for teaching adults; recruiting students; charging fees; teaching treatment routines; setting up classes; giving treatments; common questions you will be asked; applications of long distance REIKI and how to teach it; **ISSUES** such as informed consent, equipment, resources, religious opposition, role of religion vs. spirituality, certification, class attendance, insurance and liability, REIKI and other energy medicines.

REIKI MASTER SPECIALIST TRAINING FOR TEACHING CAREGIVERS

(One Day Training - 8 hours)

Prerequisite REIKI Master Training - (copy of certificate required with registration)

\$300 FEE

This new class contains information to help you understand specific target groups commonly needing special care. Learn about the challenges their caregivers encounter in trying to give them special care and how REIKI helps them do so. These caregivers include medical professionals, such as nurses, therapists, etc.; parents of special needs children; caregivers of loved ones with Alzheimer's Disease/Dementias and other chronic diseases; schoolteachers, etc. Learn to teach these caregivers REIKI classes tailored for their needs by REIKI RAYS. We have now taught 800 caregivers and still counting!!

CLASS CONTENT:

- Overview of the system for identifying and categorizing special needs children: Autism, learning disabilities, ADD, ADHD, hearing impaired, physically challenged, speech/language impaired, Tourette's Syndrome, vision impaired, cognitively impaired
- Instruction in teaching REIKI to various target caregiver groups
- Marketing your REIKI services to nursing homes and medical facilities
- Teaching REIKI in nursing homes and hospitals to staff and families
- Issues of informed consent
- Techniques for use of REIKI in schools and medical facilities when hands-on not permitted or appropriate
- Specific instruction on use of REIKI with those with Alzheimer's Disease/Dementias
- Overview of use of REIKI with Parkinson's, cancer, MS, diabetes, psoriasis, chronic diseases, headaches, etc.
- Teaching caregivers the importance of taking care of themselves
